Amendments to the Claims

This listing of claims will replace all prior versions and listings of claims in the application:

1. (Canceled)
2. (Canceled)
3. (Previously Presented) A method for treating inflammation in a subject which comprises administering to the subject an agent selected from the group consisting of soluble receptor for advanced glycation endproduct (sRAGE) or anti-RAGE antibody or anti-EN-RAGE F(ab')₂ fragment in an amount which inhibits the interaction between receptor for advanced glycation endproduct (RAGE) and EN-RAGE, thereby treating inflammation in the subject.
- 4-6. (Canceled)
7. (Previously Presented). The method of claim 3 wherein the subject is a mammal.
8. (Original) The method of claim 7, wherein the mammal is a human.
9. (Previously Presented) The method of claim 3, wherein the administration comprises intralesional, intraperitoneal, intramuscular or intravenous injection; infusion; liposome-mediated delivery; topical, nasal, oral, anal, ocular or otic
